

Iran Chemical Industries Investment Co.

Certification

Our ref. 9644

Dear Sirs,

Hereby, we certify that Iran Chemical Industries Co. has concluded a contract dated February 1, 1988 with Bina Consulting Engineers to present technical inspecting services out of the country in the fields of equipment and machineries of L.A.B. plant equipment. This inspection includes pressure vessels, steam boiler, heat exchangers, product processing towers, water cooling towers, electric machineries and equipment, exact tools, mechanical machineries such as compressors and various pumps as well as other equipment of aforementioned project.

These inspections have been accomplished during construction procedures and completion of above-mentioned equipment in European factories. Bina Consulting Engineers have executed their responsibilities during our cooperation, satisfactorily.

Therefore, we thank these engineers for their efforts and services, particularly Mr. Ghasem Haj Ali Mohammadi. We request success for him and his colleagues from the exalted God.

Best regards,

Mohammad Bagher Arastafar
General Manager
